

NOMINATE A FELLOW

At the heart of Pan African Institute is the Award of Fellowship Program, an initiative that has helped cultivate an extraordinary cadre of entrepreneurial leaders. It is the highest status conferred by the Institute and is a measure of the superiority of the holder. To be elected a Fellow you must be considered by our Council to have made a significant contribution in your field, most especially, entrepreneurship, community development, management, and innovation, and fulfill the mandates of the Institute. To nominate a fellow, please visit our official website: www.panafricaninstitute/pages/fellow.html

Pan African Institute for Entrepreneurship and Community Development

...professionalism for beyond certification

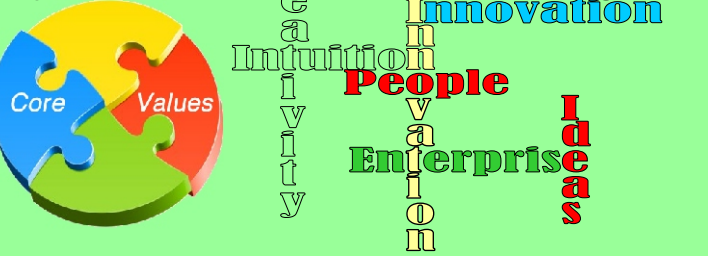

About The Institute

Pan African Institute for Entrepreneurship and Community Development (ECDI) is Africa's leading professional organization for entrepreneurs, innovators, public and private administrators, business managers and developers, artisans, community developers and social workers.

The Institute is an independent membership and technical based, professional organization approved in Nigeria by the Federal Ministry of Education, incorporated by the Corporate Affairs Commission (CAC) RC 1154329 and legally guaranteed by the Federal Ministry of Justice to professionalize entrepreneurial development, community development, management and innovative practices. It is out to promote opportunities for its members to gain expertise to improve their social and economic conditions.

As part of its mandates, ECDI also aims to provide entrepreneurs and enterprise researchers in all fields with avenues for interaction, education, support and enhanced access to technology, resources, partners and services essential to the creation of successful enterprises and employment opportunities.

Since entrepreneurs are critical drivers of job creation and economic prosperity leading to community development, the institute help equip entrepreneurs and business developers/managers with the technology, skills and spirits needed to start and organize commercial enterprises in all sectors of the society and generate wealth for personal improvement, social innovation and economic growth.

Tactfully and pragmatically assist entrepreneurs, professionals, students and citizens across Africa in creating their own opportunities, best practices and resources for personal improvement, social growth and economic development.

To promote advanced knowledge, training, practice, research and support in the fields of entrepreneurship, management and development across diverse spheres by stimulating creative ideas, techniques or opportunities for sustainable communities.

We value the complex uniqueness and the incalculable power of each individual to change the destiny of the collective.

- Promote global best practices in entrepreneurship management and development studies.
- Provide opportunities for our members and students to gain expertise in improving their social and economic conditions through research, training and engagement of key actors in the field of entrepreneurship, management and development.
- Promote career in trades, skill acquisition, income generation, wealth creation, development education and technology among Africans.
- Provide entrepreneurs & researchers in all disciplines with avenues for interaction, education, support and enhanced access to the technology, markets, financial resources, partners & services essential to the creation of new enterprises.

BECOMING A MEMBER
The Institute hopes to draw its members from multi-sectors using unique points system to access what each applicant has to offer in their various fields, including what they have practically done with social impacts, and achievements over the years. There are six membership grades; a member's grade depends on training, qualification, working experience & startup project.

FELLOW
Outstanding professionals who exceed the requirements for Member by a substantial margin, and who have spent a considerable part of their working life in positions of substantial responsibility, may be considered by the governing council for promotion to the Institute's most senior grade.
